# Creative LED Fixture

# Technical Specifications

## Lighting Performance:

- Creative uses one of the best lighting class LED in the world – **CREE from USA**

- High Reliability

- 1410 lumens Output/1200 mm fixture

- 5700K CCT

- High Efficacy

- Wide Viewing Angle: 120 degree

- Mounted on suitable aluminum structure for better heat dissipation

## Driver Performance:

- Operating Voltage Range – 85 – 265 VAC

- Rated Power – 18W

- Efficiency - > 85%

- Output Parameters – 50V, 350mA

- Isolated Design

- Precise secondary side control

- Built-in protections

  - Short Circuit Protection

  - No Load Protection

  - Over Voltage Protection
